

## Career Guidance & Placement Cell

### Placement Report 2020 – 2021

---

The impact of global pandemic hit has left no stone unturned, and so to the placement process. The Placement season for the year 2020 – 2021 was much more challenging than yesteryears. The challenges were to all stakeholders.

To our surprise, freshers hiring was at a higher level as the complete campus hiring process has been online and auto-proctored. Most of the companies went for a national level test in their hiring process leaving the students at a highly competitive edge.

The training on aptitude was provided online and so too the career awareness sessions and orientation programmes

20 career awareness sessions were organized inviting experts from Corporates, Business Houses, professionals and government servants from different domain.

The placement training to final year students were provided. Aptitude training on logical, verbal and quantitative reasoning. Technical training on c,c++ were provided to students from Computer Science stream.

## **Corporate training to students were facilitated**

73 students were benefitted from Cognizant Technology learning platform on c, java, python, cloud computing.

10 students were identified to get trained in python in Infosys learning platform

50 students were fully trained in aptitude, technical and soft skill from Finemind

100 students benefitted by attending soft skill training provided by Tata Consultancy services

Embeded Systems and IoT training were provided to students from Department of ECE, organized by the Department, when Mr. Nishanth Thangam, Engineer, Edgate Technologies was the resource person.

Also, a workshop was conducted in Analysis using SDR with VNA port and advanced Microstrip Trainer by Mr. P. Sree Venkatesh MD, Sientronics Limited, Coimbatore.

Pre- Placements talks from various industries for different job roles were conducted ahead to make the students understand the industry expectations.

## **CSR**

100 hrs Youth Employability Program from Tata Consultancy was provided to 80 students.

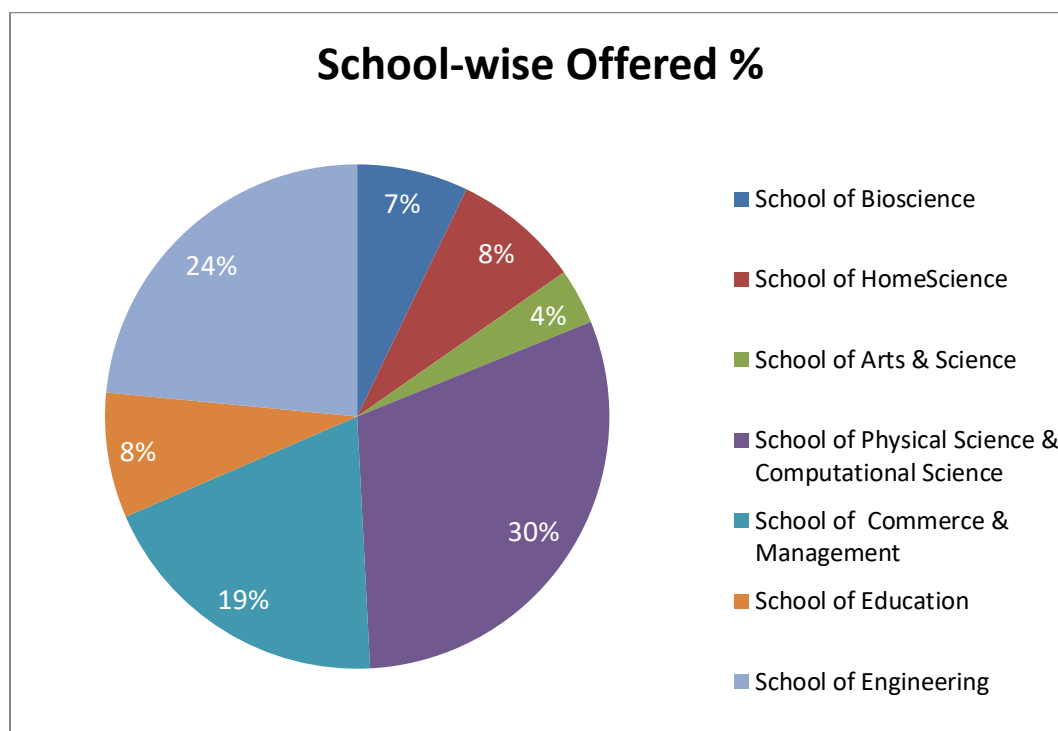

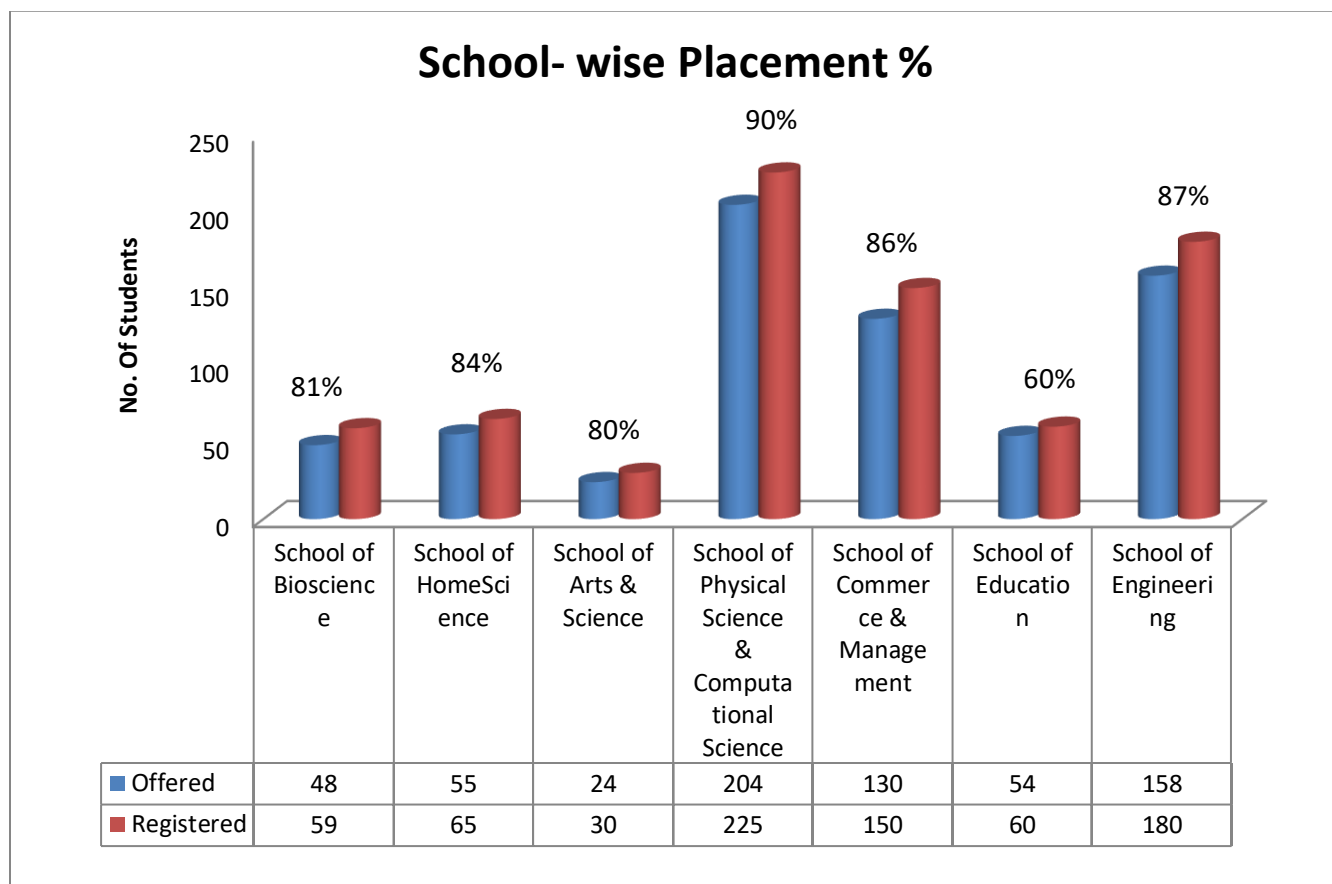

100 hrs Wipro Talent Next program was provided to 113 students on Java

17 students took the technical training in C, java, python, cloud computing from CTZ Digital Learning Platform

## **Industry Based Faculty Training**

1. Ms. Shanmugapriya and Ms. Ahila, Department of CSE were trained in Python by Infosys
2. Training for Wipro Advanced Technology Program certification attended by Ms. Karthika, Department of Information Technology
3. Employability Skill Training from Bosch attended by Dr. Sudharani
4. Faculty members from CSE attended the faculty training program from Zoho Corp.

## **Voice from students**

**Reshma (2018-2021) B.Com PA**

**HCL State Street, Coimbatore, Analyst**

**I'm Reshma from B.com (pa). I would like to thank my university for giving me this opportunity to give a feedback about placement. They provided various opportunities and placements in our block. So in that I have got placed in HCL company, which is a very big company as all cannot get it, So I'm very much thankful to my faculties who taught me to be bold and brave in a good way. Only because of our teachers, I got this opportunity and I am very glad to be an Avinashilingam Institute alumna.**

**Kavitha M (2018-2021) B.Sc BCBT**

**Zifo Rnd Solutions, Chennai, Associate Analyst**

**"Stop doubting yourself; work hard and make it happen "**

**This is what I've learned from my placement in these three years. Their motivation and support to attend my interview and getting placed was awesome. A huge thanks to my placement cell for btheir constant support and a backbone in everything related to my placement activities. Our placement officer gave enough opportunities for each and everyone to exhibit our hidden talents. My humble thanks to my placement cell, because of your guidance I got a perfect job to build my career.**

## **Shanmathi GJ (2018-2021) BCA**

### **Infosys, Bangalore, Programmer Trainee**

I am really Grateful to the placement cell to provide me this opportunity and supporting me during my placement interviews. I was able to attend interview for many good Software based Companies and had a Great Chance to meet and interact with people with good influence. Apart from this I am thankful to all the faculty members of the college for their Continuous effort andSupport. The pre-placement training and company updates help us to be well informed and prepare ourselves.

## **Subashini M.J (2017-2021) B.E ECE**

### **Robert Bosch, Bangalore, Software Engineer**

I am Subashini M.J of Electronics and Communication Engineering Department (2017-2021 batch),. Placement cell had arranged aptitude and technical training for all the students. These training made us to get trained for upcoming placements. Technical training focused on Basic C programming and the trainee allowed us to solve the question first (MCQ

type technical questions), and there was an interactive session to clarify the doubts. Top MNCs like Capgemini, Cognizant, IBM were some of the recruiters, later on few BPOs and Tutor roles had also visited our Campus.

Before attending Robert Bosch drive, two alumnae from ECE department (2018 passed out) gave a small orientation regarding Life at Bosch and overall selection process. This gave a clear idea on how to prepare for Bosch drive. I successfully got placed in Bosch with Rs. 5.5 LPA.
