

# KOREAN LANGUAGE CLASSES

InKo Centre was set up to promote an inter-cultural dialogue by facilitating a consistent programme that draws on the rich traditions of both India and Korea. With a focus on language, culture and information, the Centre will look at the global dimension of such a dialogue while showcasing the local and national characteristics that underpin such exchange.

We are the Chennai I King Sejong Institute, operating under the aegis of the King Sejong Institute Foundation (KSIF), Korea. KSIF, Korea is a public institution under the Ministry of Culture, Sports and Tourism and was established to manage Korean language education and culture abroad.

Our courses follow the syllabus set by KSIF, Korea and are delivered by qualified, native Korean teachers selected by Busan University of Foreign Studies, Korea and KSIF. We present a range of Korean language courses from the Beginner to Advanced levels, both online on secure platforms and on-site at InKo Centre, in well-appointed classrooms. While our teachers continuously monitor the progress of students, attendance and testing is monitored directly by KSIF, Korea. At the completion of the course, students receive certificates issued by the King Sejong Institute.
